

Iowa Governor's STEM Advisory Council  
Guidelines for

## STEM BEST® H.D. Program Businesses Engaging Students and Teachers

### **Professional Development (PD)**

Professional development for the STEM BEST® H.D. Program model should encourage and offer opportunities for business and education professionals to work together in an interdisciplinary, community-driven and problem-based approach. Professional development must include both business partner support in working with youth, as well as educator support in linking industry needs to program content.
